Discussion Questions

- What things make us fear that God is unable to make himself known among our family, friends and neighbours?
- How does your thinking need to change to see the world through God's eyes in the same way David did? (See also 1 Corinthians 1.18-31). What active steps do you need to take today to act on that view?
- How can we help each other take on God's view and act on it?
- Who do you know who is actively making Jesus known in the world – both locally where you are, and globally?
- How can you support and encourage them in that work? What active steps do you need to take today to do that?
